CAREER OBJECTIVE

Artificial Intelligence and Data Science undergraduate skilled in Python, Java, Machine Learning and Data Science with experience in developing software and AI-based applications.

EDUCATION

2023 - Present	KL University , BTech in Artificial Intelligence and Data Science	(GPA: 8.48/10.0)
2021 - 2022	NRI Junior College , Intermediate	(GPA: 6.46/10.0)
2020 - 2021	Dr. KKR's Gowtham Educational Institutions , 10th Standard	(GPA: 9.46/10.0)

PROJECTS

Auto Mobile Management System

- Designed and developed an application for managing vehicle data, maintenance, and service records.
- Ensured integration between UI and backend with efficient database management.
- Skills Required: HTML, CSS, Java, MySQL, Spring Boot

Marks Management System

- Automated recording and analysis of student performance.
- Implemented secure authentication and role-based access for admins, staff, and students
- Skills Required: HTML, CSS, Python, MySQL, Django

Ride Sharing Application

- Developed a ride-sharing platform using Vite, HTML, CSS, and SQL for connecting riders and drivers.
- Implemented ride management and matching functionalities for local transportation.
- Skills Required: HTML, CSS, Python, MySQL.

SKILLS

Programming :	Python (Primary) , Java (Basics) , C (Basics)
Libraries :	Pandas, NumPy, Matplotlib, PyTorch
Tools :	Tableau, Power BI, GitHub
Areas of Interest :	Artificial Intelligence, Data Science, Machine Learning, Edge Architecture

CERTIFICATIONS

AWS Certified Cloud Practitioner (CLF-C02)	Issued: Jun 2026 — Expires: Jun 2029
AWS Certified Developer - Associate	Issued: Jul 2026 — Expires: Jul 2029
MongoDB Associate Developer	Issued: Jun 2026

INTERNSHIP

Ethical Hacking Virtual Intern - EduSkills — AICTE Virtual Internship

- Performed vulnerability assessment, reconnaissance and penetration testing using Nmap, Burp Suite, Wireshark, SQLMap and Metasploit in controlled lab environments.
- Identified security vulnerabilities, documented findings and recommended remediation techniques following OWASP security practices.
